

## About Us

### Who We Are...

Cris Mitchell

Principal and Creative Director

Cris's career spans over 18 years in the creative industry, working for companies such as Pacific Bell, Mackie Designs, Outdoor Publications Inc., eCharge Corporation and EnCompass Globalization.

### Our commitment...

At Coastal Fog our rewards come from satisfied long-term customers who keep coming back project after project. What this means to you is that we have a vested interest in doing a perfect, personalized job every time. We feel it's our business to do everything we can to maximize your chance for success in the competitive business market.

### Where we've been...

Originally founded in the wine country of Sonoma County in 1995, Coastal Fog Productions relocated it's offices in the summer of 2002 to the beautiful Central Coast of California. Now located in Pismo Beach, California, we continue to provide the same level of excellent service to our new customers and friends here on the Central Coast.

### What we do...

In a nutshell Coastal Fog Productions is a full service mixed-media creative agency specializing in:

- Graphic Design
- Website Design and Development
- Digital Photography
- Audio and Video Production
- DVD Development
- Interactive Media including FLASH development
- Website Hosting

If you don't see what your looking for, chances are we do it, but don't have it listed. Just ask!

### Awards and Accomplishments

In July 2002, Cris finished a two-year assignment as Web/Video/Multimedia Development Director for Mackie Designs in Woodinville, Washington. Mackie Designs is an international manufacturing company, specializing in audio consoles and speakers used mostly by professional musicians, recording studios, live clubs, theaters, and arenas.

In November of 2004, Cris was awarded Judges Pick for his entry "Finger of God" in the Annual New Times Photography Competition. Cris also receives winning entries in the Color Landscape and B/W Landscape categories.

In June of 2005, Cris completed a 14 month assignment as 1 of 3 official press pool videographers for the Michael Jackson criminal trial in Santa Maria, Ca. Cris's footage provided to every major network across the globe.

In November 2005, Cris takes 2nd Place in the Annual New Times Photo Competition, Professional Landscape division.

In July 2006 Coastal Fog Productions launches ProPhotoResource.com a resource site to help professional photographers and serious amateurs alike. In 2008 we have nearly 6,000 members and 40k visitors from across the globe each month and continue to grow daily.
